Re: WT Docket No. 07-195 – Notification of Oral Ex Parte Presentation

Dear Ms. Dortch:

On March 19, 2008, John Muleta, CEO of M2Z and the undersigned met with Mr. Bruce Gottlieb, Legal Advisor to Commissioner Michael J. Copps. During the meeting, we discussed the AWS-3 proceeding and advocated that the Commission incorporate into the 2155-2175 MHz band flexible and technology neutral service rules much like those applied to the successful and recently ended 700 MHz auction. Additionally, we recommended that eligibility to participate in the AWS-3 auction include only new entrants and that the service rules commit the ultimate licensee to enforceable public interest obligations such as aggressive build-out and a commitment to provide a free and family friendly broadband service.

Pursuant to Section 1.1206(b) of the Commission rules, an electronic copy of this letter is being filed. Please let me know if you have any questions regarding this submission.

Sincerely,

A handwritten signature in black ink, appearing to read 'Uzoma Onyeije', with a long horizontal stroke extending to the right.
